

FSD3 Facilities Update

Board of Trustees Meeting
August 20, 2026

District Modernization Project with Schneider Electric

- Mechanical, window, and roofing upgrades are substantially complete: remaining units expected in late September/early October
- LED lighting installation nearing completion; final OSF inspections are pending
- Building automation complete at most campuses, with LCHS/CATE work remaining
- Baseball and softball lighting installation targeted for August-September
- Project team met with Dr. Suber to review progress and upcoming milestones

Ward Memorial Stadium

- In-wall rough in for plumbing and electrical is being completed. Sheetrock installation will begin soon.
- Ticket booths are dried in and sheetrock has been installed.
- Electrical tie-in is completed in the concessions/restroom modular building; water and sewer tie-in is continuing.
- Concrete for the plaza and sidewalks have been poured.

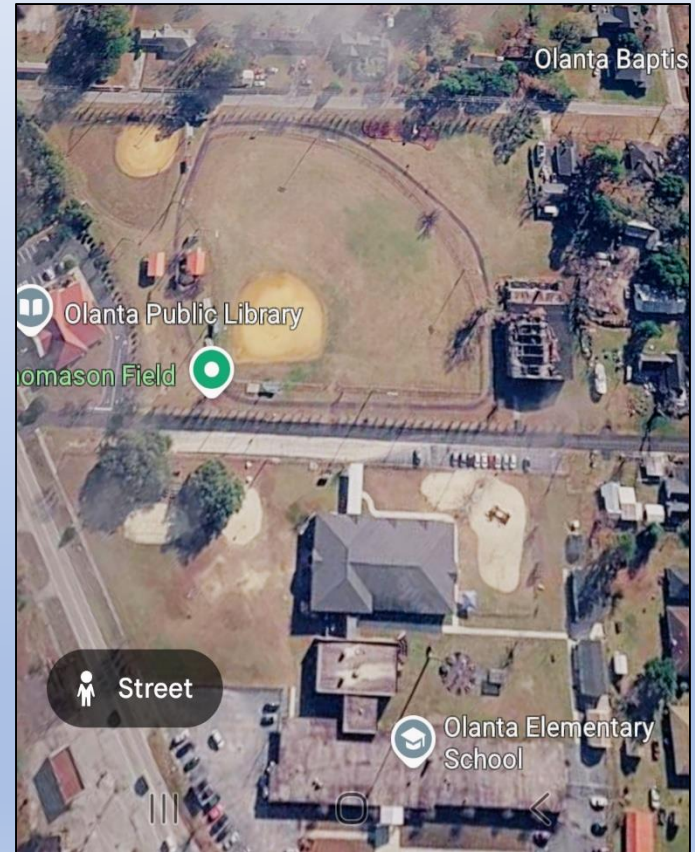

Lease Agreement with Florence County

Dr. John Thomason Field

Action Required

- Florence County has leased the property behind Olanta Magnet School and across Welsh St. for a number of years.
- The property includes two baseball/softball fields, walking track, playground and picnic area.
- The county maintains the property including the buildings and is responsible for any improvements.
- The lease will be for 20 years for \$1.
