# Clemson CU-PREPARES

## PROGRAM *Spotlight*

Clemson's CU-PREPARES initiative is designed to increase the number of highly qualified educators certified to teach in shortage subject area for high-needs, rural schools, and increase student achievement in SC's Pee Dee region by embedding teacher residents with trained mentor teachers for a full academic year through a hands-on residency model.

Teacher residents will also receive a **\$40,000** living stipend while learning to teach! Reach out to [achyman@clemson.edu](mailto:achyman@clemson.edu) or visit the CU-PREPARES website to learn more!
