CONTENT AND CREDIT RECOVERY

Code **IKAB**

Latest Revision: **02/2019**

Students who have been unsuccessful in mastering content or skills required to receive course credit may be offered opportunity to participate in the district's content or credit recovery programs.

Content Recovery

The district's content recovery program consists of a course-specific, skill-based learning opportunity for student who are still enrolled in a course with the original teacher of record assigned by the school who have not achieved mastery of course content that has already been addressed. Content recovery allows a student to retake a subset of a course, including a single unit, more than one unit, or other supplemental assignments/activities assigned and approved by a certified teacher as needed for the student to achieve mastery of the course content.

Credit Recovery

The district's credit recovery program consists of a course-specific, skill-based learning opportunity for students who have previously failed to master content or skills required to receive credit in a given course. The program is designed for students who are no longer enrolled in a course but who have ended the course with a grade of 50 or higher and would benefit from to less than the entirety of the course, which targets specific components or a subset of standards to address the student's deficiencies. **In accordance with the SC Uniform Grading Policy, if a student passes the credit recovery course with a 60 or higher, the passing grade is entered as a "P" as the final grade and transcribed to the numerical grade value of "0" as indicated by the addition of the "P" to the grade scale chart. If a student fails the credit recovery course with a grade below a 60, the grade is entered as an "NP" and transcribed to the numerical grade value of "0" as indicated by the addition of "NP" to the grade scale chart. Thus, the credit recovery course does not impact the student's GPA. 4. A student wishing to modify his or her GPA shall repeat the full course for credit and not seek a credit recovery solution.**

Student Athletes

Student athletes and their parents/legal guardian should be aware that current National Collegiate Athletic Association (NCAA) rules place strict limitations on credits earned through content recovery and credit recovery programs. **Participation in these programs are likely to affect a student's eligibility for NCAA play** (i.e., Virtual SC credit recovery courses are not approved by the NCAA). Consult with district athletic director for more information.
