Spring District Benchmarks

- Why Spring Benchmarks in March?
 - Our goal is to provide a rigorous review prior to the end of the year assessments.
 - Schools will analyze the data and create “Boot Camps” to provide:
 - Spiral Review on “Power Standards”
 - Addressing academic areas of weakness
 - Providing Test Taking Strategies

Incentives: Academic, Attendance, Effort

Jayla Jones 2022 Yale Young Global Scholar

JADA'S JOURNEY

Jada joined the Florence School District 3 Cohort as a high school sophomore so that she would be exposed to the best college and scholarship opportunities. Jayla notes:

"As the first person in my family to attend college, I had no idea how little I knew about the college planning process. I knew nothing about selective college admissions; fly-in programs; or specialized programs like the Yale Young Global Scholars Program. I literally knew nothing about how to build my résumé so that I would be a competitive candidate to be offered admission to such programs or that I could qualify for full scholarships to such programs. I am so excited about the opportunity of being invited to the Yale Young Global Scholars Program and learning about the many other Fly-in Programs to which I plan to apply. I am so appreciative of the support of Dr. Hickson and Ms. Wilson."
