# MAP testing

We were able to get most of our elementary and middle students MAP tested during the month of December.

Some tested virtually while others were able to come in and test face to face.

Teachers will be analyzing that data and will be meeting with administrators on Jan 4 to ensure that we provide the appropriate interventions when we return to school.

# Preparing for 2<sup>nd</sup> semester

---

To begin preparing for 2<sup>nd</sup> semester, we had principals to devise a plan to ensure safety while bringing in all students on the waiting list and providing instruction to all virtual students from the school level.

We are currently working with principals to meet the needs of their plans as we prepare to make 2<sup>nd</sup> semester even more productive than the first.
