Students are in good standings:

- Previous Virtual Attendance
- Previous Virtual Academic Progress
- Previous Virtual Conduct

Grade	Number of Applicants that meet the criteria
2 <sup>nd</sup>	7
3 <sup>rd</sup>	9
4 <sup>th</sup>	9
5 <sup>th</sup>	4
6 <sup>th</sup>	15
7 <sup>th</sup>	8
8 <sup>th</sup>	9
9 <sup>th</sup>	10
10 <sup>th</sup>	8
11 <sup>th</sup>	7
12 <sup>th</sup>	10
Total	96

**Panther Academy** was the highlight school at last week's Alternative School Roundtable meeting. Showcasing the hard work that was put into rebranding the program.

# College Cohort

Lake City Early College High School

The College Cohort students work diligently with Mr. and Mrs. Wynn, Ms. Kendra Wilson, Mr. Leon Burgess, and Mrs. Vicki Haynes in **biweekly sessions**:

- Provide hands-on guidance through each phase of the college planning and career exploration process during which students discuss such topics as liberal arts colleges, research universities, cooperative education programs, dual degree programs, transfer agreements, and institutional scholarship opportunities.
- Guiding students in identifying the 'right' colleges is a comprehensive process of engaging students in a self-reflective analysis of each student's body of work, financial background, educational/career aspirations, personality, and passions.
- The program focuses on guiding students through developing high quality academic résumés; guiding students in aligning their activity and leadership involvement with their college/career aspirations;
- The program has produced two Gates Millennium Scholars, a QuestBridge Finalist, and a UMBC Meyerhoff Scholar.

# Drone Program-

## Lake City Early College High School

Drones are utilized in many professions today—real estate, agriculture, mining, inspections, rescue missions, television, and aerial photography. With drone education offered in the curriculum, students are benefiting from these opportunities to gain modern skills in an ever-evolving world.
