

Superintendent's Report for May 2022

FSD3- A Premier District of Choice

Ensuring our Students are College or Career Ready and Productive and Responsible Citizens.

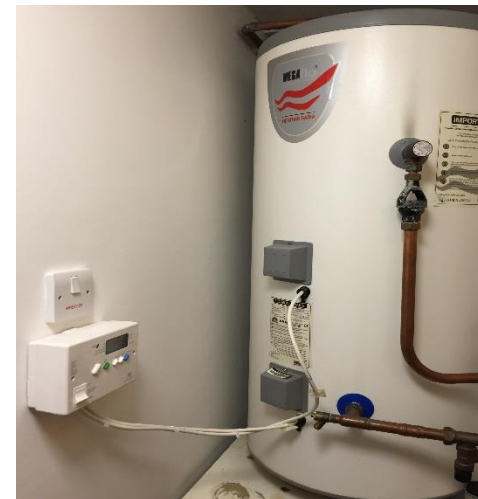

Legislative Updates

- Recently, the Ways and Means offered a 36-page amendment to [Proviso H.5150](#). One major change in this amendment to the previous House-passed version of the bill was the inclusion of an additional \$50 million in State Aid to Classrooms. The House amendment, referred to as House II, amended the Senate-passed budget to the previous House version and then amended that version further. The changes are listed below:
 - \$50 million – Additional funds in State Aid to Classrooms.
 - \$500,000 – Moves the Working Conditions Survey from CERRA to USC.
 - \$3.19 million – SCDE for PowerSchool/Data Collection.
 - \$12.148,240 – SCDE for Grants Committee. This is a reduction of \$11 and locks it in the budget.
 - \$95,965,999 – SCDE for Instructional Materials. This represents a reduction of \$4,034,001.
 - **Currently: No finalized budget**

Water Heater at LCECC's Cafeteria

- FYI – Our Maintenance Department is in the process of replacing the existing gas fire hot water heater that serves the kitchen at LCECC.
- This heater is 27 years old and in poor condition. The tank has developed a leak and could rupture any time.
- The cost to replace this heater is ~ \$12,000. However, there are funds already in the food service budget to cover this project.
- The goal is to complete this project in May before Summer School begins and before the tank ruptures.

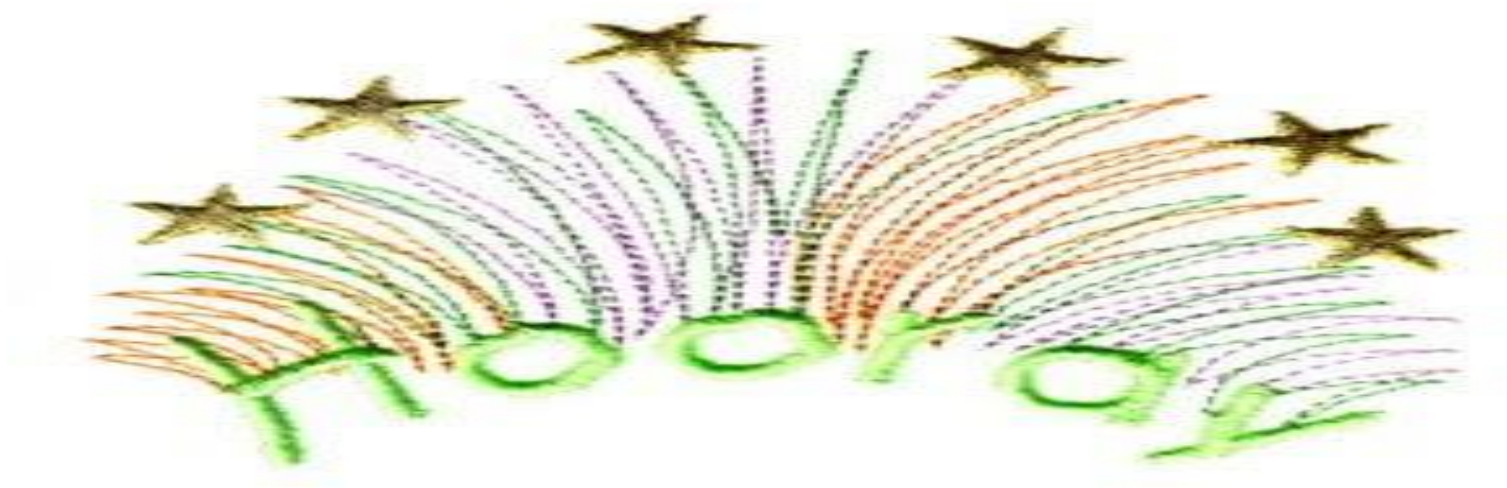

Florence County School District Three's overall risk score

SCDE conducted the annual risk assessment based on 10 areas and assigned a risk score of overall financial and programmatic performance: The areas are.....

- Required Reporting
- Turnover of Key Personnel
- Programmatic Compliance
- Fiscal Compliance
- Performance
- Frequency and Need of Technical Assistance
- Financial Stability
- Quality of Management Information Systems (internal controls)
- Timeliness of Annual Financial Audit Submission
- Other Material Factors (accreditation and confirmed cheating/test security violations)

The scores from each criterion are totaled for an overall risk score that indicates low, medium, or high risk categories. Overall risk scores less than 19 indicate low risk, risk scores between 19 and 28 indicate medium risk, and risk scores of 29 and higher indicate high risk.

**Florence County School District
Three's overall risk score is "10"!**

FSD3 Virtual School

- At the next meeting, I will present a plan for virtual school and targeted participants.

-Goals:

1. Return all students in early childhood and elementary schools back to F2F Learning (on-site).
2. Establish a plan to reduce the number of fights and assaults to very minimum to zero.
3. Offer virtual for medical home-bound, middle, junior high, and high school students only.

National Student Clearinghouse Data

- Released from the Education Oversight Committee
- Tracks High School Demographic and aggregated data of student who not only go to college, but students who actually complete college at the initial college /university or end of finishing at a different college.
- I have asked the presenter to come share this presentation with you, the Board, and administrators. (Will plan for a date in July.)
- Must develop an intentional plan to improve the data.
- One program that is working well is the College Planning Cohort. Track data. There's a Cost, but there's a bigger cost not to do this.
