Truancy vs. Chronic Absence

TRUANCY

Counts only unexcused absences

•

Emphasizes compliance with
school rules

•

Relies on legal and
administrative solutions

VS.

CHRONIC ABSENCE

Counts all absences: excused, un-
excused, and suspensions

•

Emphasizes academic impact of
missed days

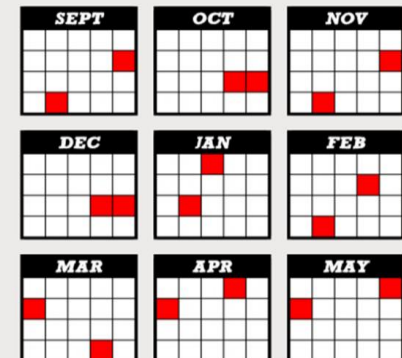

•

Uses community-based,
positive strategies

Chronic Absenteeism

- Chronic absenteeism is typically defined as missing 10% or more of a school year
 - approximately 18 days a year, or just two days every month.
- Across the nation, 5 to 7.5 million students are chronically absent.
- Currently monitored by USDE and SDE and reported on school report cards

**2 Absences Per Month
x 9 Months of School
= Less Likely to Graduate
from High School**
